DETAILED ACTION

Allowable Subject Matter

Claims 33, 34, 37, 38, 40, 41, 44, 45, 47-59 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: Statement of allowance is in reference to independent claims 33, 40, and 53. All other claims are dependent on these claims.

The present application is directed to a system, method, and program for payment or funds transfer transactions via a wireless device through a single point of contact.

Applicants' Remarks, filed April 15, 2008, have been fully considered and are persuasive. Independent claims 33, 40, and 53 recite uniquely patentable features as argued by the Applicants in the Remarks.

Discussion of the most relevant prior art:

The following references have been identified as the most relevant prior art to the claimed invention.

(i) Dialog File "Banks Ponder The Power Of New Internet Gadgets" ("Dialog"): Dialog generally discusses mobile transactions over the Internet. However, Dialog does not teach or suggest the patentable features argued by the Applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
